Hello From The Editor

Hello and welcome to the May/June edition of the Western Park Gazette.

In this issue, we've finally got over a production PC issue that resulted in two weeks of unwanted downtime, a considerable expense and also messed up the release timetable. So, if you were wondering what happened to the Gazette in May... That did, but we're OK now! Probably.

We've still had to hold back some local stories until next month so this issue is a bit news light.

We headed off to the Riverside Festival earlier in the month, to take a few photos, and you'll find more on our FB page. We're offering you the chance to win a set of tickets to Wistow Maze, which opens next month, Carey Tunstall has some summer gardening advice and we have the latest policing update.

And why not keep the little grey cells occupied with the Word wanger and sudoku on the back page?

Thanks again to all who contribute and support us.

You'll find us on Facebook, X and now Bluesky.

RIVERSIDE FESTIVAL

The annual and popular Riverside Festival returned to Leicester Canal's Mile Straight, Bede Park, Castle Gardens and the De Montfort University Campus for two days of fun, activities, stage performances, art and stalls.

After a rainy beginning on Saturday 6th of June, the weekend got off to a roaring start as crowds flocked to one of the most popular two day free festivals in Leicester.

Now in it's 29th year, the festival has pumped over £3 million into the local economy since it began, with many businesses in the West End benefitting from the influx of people as they travel into the city.

It's estimated that over 60,000 attend each year and the average spend is around £50 per adult.

The City Council's investment is around a quarter of the estimated £140,000 budget to host the festival with the bulk of the funding coming from traders, sponsorship and other partners.

Why So Many Glasses Don't Fit Properly

ALAN BELLAMY

Alan Bellamy is the senior optometrist at Bellamy Eyecare, serving Leicester and Irthlingborough communities for over 22 years.

It may come as a surprise, but many people are wearing glasses that could fit much better. Not because anything has gone wrong, and not because the glasses are poor quality – but simply because achieving a truly good fit requires careful attention to detail.

The encouraging news is that when glasses are fitted properly, the difference is immediately noticeable. A well-fitting frame should feel comfortable, stable, and almost effortlessly to wear. You shouldn't find yourself constantly pushing your glasses back into place or feeling aware of them throughout the day. Instead, they should sit naturally and securely, allowing you to focus on what you're doing rather than on your spectacles.

What does a good fit actually look like?

The frame should rest comfortably on the nose.

The bridge of the frame supports the weight of the glasses, so it needs to distribute that weight evenly. When the fit is right, the glasses stay in position without slipping or leaving deep marks. They should feel balanced and light, even after several hours of wear.

The arms (we call them sides) should follow the curvature of the side of your head.

The arms of the glasses should run smoothly around the side of the head and curve gently over and behind the ears. This helps hold the frame securely in place without squeezing or causing pressure. This allows the glasses to remain steady whether you are reading, walking, or looking down.

The lenses should sit in the correct position in front of the eyes. The frontal angle of the frame and the gentle curve around the front of the face ensure that the lenses perform as designed. This is particularly important with modern lenses such as varifocals, where precise positioning supports clear, comfortable vision.

When glasses fit well, they simply feel right. They stay where they should, feel comfortable throughout the day, and allow your vision to be as clear and relaxed as possible.

AMAZING WISTOW MAZE

The Gazette is celebrating natural historian, broadcaster and writer Sir David Attenborough's 100th birthday with the chance for you to win a family set of tickets to Wistow Maze.

This summer in celebration of Sir David's century, Leicestershire's Wistow Maze has been designed in the shape of a Mountain Gorilla which he famously filmed in 1979 in Rwanda for his iconic Life on Earth series.

Diana Brookes, the owner of Wistow Maze said of Sir David: "Being a local boy, having spent his childhood living on campus at Leicester University where his father was principal, we wanted to honour this iconic natural historian and broadcaster, who has inspired generations to care for our planet and helped to shape global understanding of the natural world."

The 8-acre maize maze has a fun Quiz Trail hidden amongst 3 miles of pathways, with high-level bridges and towers giving panoramic views of the maze.

Visitors have to find 12 quiz boards, featuring

animals from his pioneering nature series, as well as fascinating facts about this famous naturalist and broadcaster.

Visitors can also take part in a variety of mini mazes and games in the Activity Funyard, which includes a space-hopper track, hoopla, beanbag throwing and a football shooting game.

Opens: Mon 20 July – Sun 6 Sept (10am-6pm) and the weekend 12/13 Sept. wistow.com

WIN WISTOW MAZE TICKETS

Here's your chance to win a family set of four tickets to one of Leicestershire's best summer attractions.

THE QUESTION

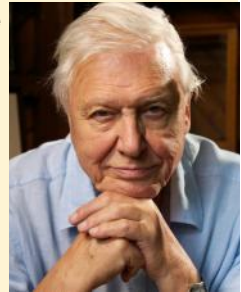

What was the name of the first BBC TV nature show Sir David's presented in 1954?

Email the correct answers to:

edi-tor@westernpark.co.uk

by June 30th to get into the draw.

Ts&Cs: 1 set of 4 tickets to be won. One winner, chosen at random.

CAREY'S COMPOST CORNER

One of the most important aspects of summer garden maintenance is watering. It is best to water plants early in the morning or later in the evening when temperatures are cooler. This helps reduce evaporation and allows moisture to reach the roots where it is needed most. Deep, less frequent watering encourages stronger root growth compared to light daily watering.

Mulching is another excellent way to protect plants during summer. Applying a layer of organic mulch, such as compost, bark chips, or well-rotted manure, helps retain soil moisture, suppress weeds, and improve soil quality. A mulch layer of around 5–8 centimetres can make a noticeable difference during hot weather.

Regular weeding is essential to prevent unwanted plants from competing with flowers, vegetables, and shrubs for water and nutrients. Spending just a few minutes each week removing weeds can save considerable effort later in the season.

Feeding plants is equally important. Many flowering plants and vegetables benefit from a balanced liquid fertiliser every couple of weeks. Tomatoes, hanging baskets, and container plants are particu-

larly hungry during summer and will reward regular feeding with stronger growth and better yields.

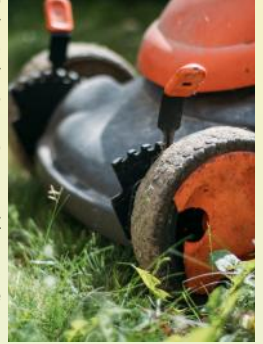

Deadheading faded flowers encourages many plants, including roses and bedding plants, to produce more blooms throughout the season. Likewise, pruning overgrown shrubs and removing damaged foliage helps maintain a tidy appearance and improves plant health.

Lawns may need special attention during dry periods. Raising the mower blade slightly helps grass retain moisture and reduces stress. Avoid cutting grass too short, especially during hot weather.

Finally, keep an eye out for pests and diseases. Regular inspections allow problems to be identified early, making them easier to manage before significant damage occurs.

With consistent watering, feeding, weeding, and general maintenance, our gardens can remain vibrant, healthy, and full of colour throughout the summer months. Happy gardening!

May/June Police Update

A violent burglar, with an imitation firearm, who forced his way into a home on Narborough Road last December, demanded cash and attacked the female resident has been jailed for over 12 years with a 15-year restraining order.

39-year-old Sebastian Kudlak, also of Narborough Road, broke into the home and was confronted by the woman in her 50's, who fought back scratching his face. He later zip tied her and attempted to clean up forensic evidence, even going as far as shampooing her hair to remove his DNA.

Footage from a camera the victim used to monitor her cats caught Kudlak then going downstairs and retrieving cleaning sprays which he used to attempt to remove any evidence of his presence.

He left with the victim's phone, charger, purse and watch. He was arrested 5 days later, on Christmas Day, after he was identified by his clothing, CCTV and fast-tracked DNA.

DC Kate Dabrowska, was the officer in charge and said: "This was an extremely concerning incident both in terms of the level of violence used and because it was completely random."

Officers have been out across the Fosse area visiting local shops as part of ongoing work to tackle knife crime during Operation Sceptre.

Shop staff were reminded of the law around knife sales as it is illegal to sell knives to anyone under 18. During the visits, two machetes were seized and removed from one premises. A knife sweep of Rally Park has also been conducted.

Police have also been carrying out targeted patrols in the Fosse area centring on alcohol and drug related ASB and dealing.

The Braunstone and Rowley Fields team and Proactive Team colleagues, used the big red key to execute a warrant at an address on the beat.

As a result, a quantity of Class B drugs has been recovered, and enquiries are ongoing

On 17th May Police attended the Braunstone Leisure Centre to aid in the landing of the Air Ambulance helicopter and arrival of road ambulances after a man was reported to have had breathing difficulties whilst swimming. He was later transported to hospital by road.

On May 25th police and emergency services were called to Narborough Road after a car overturned following a collision near to the Shell garage. No-body was hurt.

Police and fire crews were called to a blaze on Fosse Road North on 11 May after a fire broke out in a flat at around 9.30pm. The fire was extinguished and no injuries were reported.

An investigation is ongoing after a 33 year-old man was assaulted on Westcotes Drive in the morning of May 10th. A 51 year old woman was arrested on suspicion of causing grievous bodily harm with intent and has been bailed.
